

Baskets with cheese

Preparation

Roll out thinly the thawed dough (puff pastry) and cut into the size of the mold forms in which you will bake baskets. Then place the dough into the molds; arrange the diced cheese on top. Stir well eggs, milk and flour, add the spices and pour over the pastry. (The sauce should not exceed more than $\frac{3}{4}$ of the mold height). Bake the baskets for about 15 minutes in a preheated oven at 220 ° C. Serve hot with beer or tea.

Ingredients
